SITE MANAGEMENT

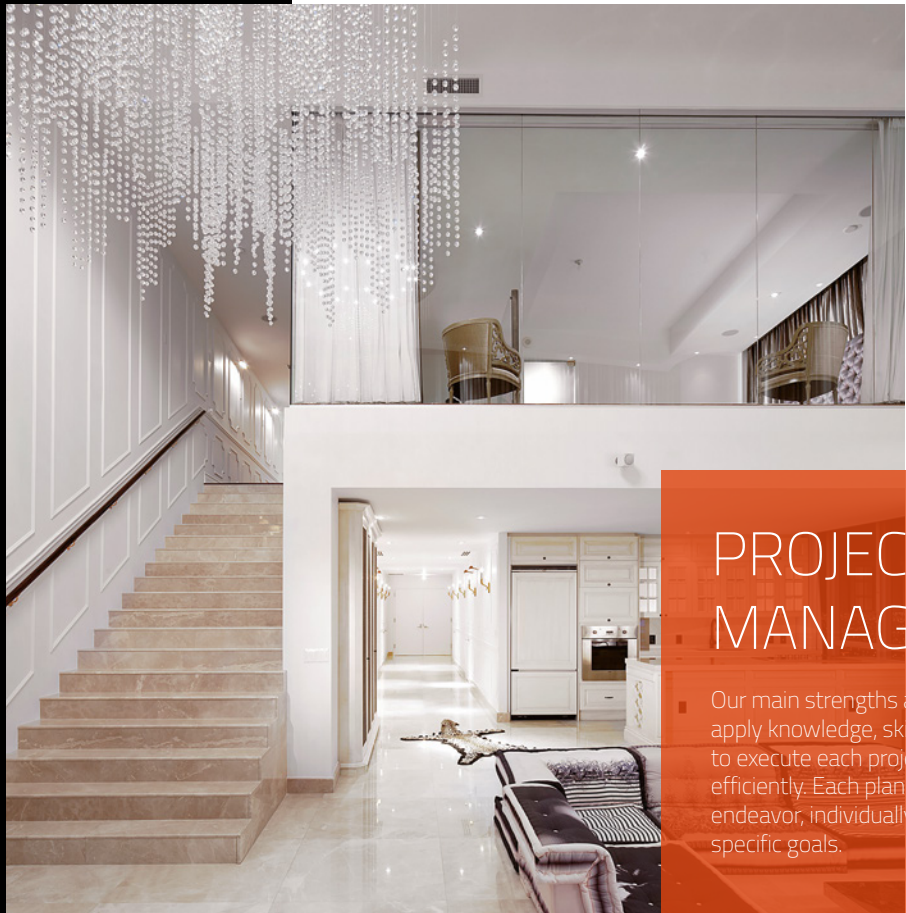

These professional services provide effective control and coordination to the overall project planning, design and construction from start to completion, ensuring client time, cost and quality needs are fully met.

ARCHITECTURAL CONSULTING AND MEP DESIGN

We offer you architectural consulting services, fully compliant with the Florida Building Codes. We work in close cooperation with companies specialized in mechanical, electrical, and hydraulic design. We also offer, amongst others fire, alarm, sound, phone, and data services. And we fully manage the process to obtain approvals to carry out the work.

PROJECT MANAGEMENT

Our main strengths are our ability to apply knowledge, skills and techniques to execute each project effectively and efficiently. Each plan is a temporary endeavor, individually designed to reach specific goals.

INTERIOR DESIGN

Interior design is both an art and a science, in that it offers people natural and man-made environments that recognize cultural, social, physiological, psychological, economic, historical, and factors of the human experience. Our primary purpose is to provide you with the very best of professional design services.
